

Course Outline-CSE 105 (Structured Programming) Department of Computer Science & Engineering East West University

Semester : Spring 2013 **Course** : CSE -105

Credit Title : Structured Programming **Course Hours** : 3 (Theory) + 1 (Lab) = 4

Theory Class Time : ST 8:30 Am - 10:00 Am (Sec 4)

Theory Class Room : 403 (Computer Lab 1)
Lab Class Time : R 4:50 Pm - 6:50 Pm (Sec 4)
Lab Class Room : 505 (Computer Lab 3)
Instructor : Md.Shamsujjoha (MSJ)

Office : Room No 615

E-mail : dishacse@yahoo.com and msj@ewubd.edu

Office Hours :MTW 10:10 Am - 1:20 Pm

Objective: The objective of the course is to develop basic programming skills using C language. After completion of the course, students will be able to analyze and solve moderately complex problems, develop algorithms for solving them, code the algorithms using C language.

Course Contents:

- ❖ Introduction of Computer Programming, Programming style, program design.
- Programming file structure: purpose of .h and .c files.
- Constant, variable and data types.
- Operator and expression, type conversion.
- Decision making, branching and looping.
- Arrays and strings.
- User defined functions.
- Structures and union, bit field and bit-wise operations,
- Pointer.
- ❖ File management in C.
- Command line arguments.
- Dynamic memory allocation.

Labs:

- ❖ Familiarizing with computer and windows operating system
- * Familiarizing with C language and integrated development environment (IDE).
- Programming using Data types, expressions and variables
- Programming using Selection statements (if and switch)
- Programming using Iterations statements (for and while)
- ❖ Programming using Arrays (1-dimentional array and 2-dimentional array)
- Programming using user defined functions
- ❖ Programming using dynamic memory allocation and pointers
- Programming using structures
- Programming using File I/O

Lab Environment (any one):

❖ Microsoft Visual C++ 6, Dev-Cpp, Turbo C++ 3 (We should avoid this), Eclipse, vi & gcc

Text Book:

- \bullet Deitel & Deite's C-How to Program Fourth or later Edition.
- ❖ Balagurusamy's *Programming in ANSI C*latest Edition, Tata McGraw-Hill publishing Company Ltd, India
- ❖ Herbert Schildt's *Teach Yourself C*, Third or later Edition.

Reference Materials:

- ❖ The C Programming Language Brian W. Kernighan and Dennis M. Ritchie, Prentice Hall Inc, Second Edition.
- * Programming with C Byron Gottfried, Schaum's Outline Series, McGraw-Hill International Editions, the latest edition.

Exam Dates:

- 1st Midterm Exam 7th October 2012, Sunday
 2nd Midterm Exam 11th November 2012, Sunday
 Final Exam 17th December 2012, Monday

Mark Distribution:

Class Participation	5%
Quiz	5%
Viva	5%
Assignment	10%
	10%
2 nd Mid Term Exam	15%
Final Exam	20%
Labs	30%
	Quiz Viva Assignment 1st Mid Term Exam 2nd Mid Term Exam Final Exam

Grading Scheme:

❖ As per East West University grading policy

Special Instructions:

- ❖ Students are expected to attend all classes, labs and examinations.
- Students will not be allowed to enter into the classroom after 20 minutes of the starting time. If you miss more than two consecutive classes you will lose 1% from the class participation marks. You MUST have at least 80% class attendance to sit for the final exam. All mobile phones MUST be turned to silent.
- There is zero tolerance for cheating at EWU. Students caught with cheat sheets in their possession, whether used or not used, &/or copying from cheat sheets, writing on the palm of hand, back of calculators, chairs or nearby walls, etc. would be treated as cheating in the exam hall. The only penalty for cheating is expulsion from EWU. For plagiarism, the grade will be automatically become zero for that exam/assignment.
- There will be NO make-up examinations for Quiz & lab Exam in any case. Make up exam can only be considered for the midterms in case of emergency, you MUST either inform me or the department secretary within 24 hours of the exam time. Failure to do so will mean that you are trying to take UNFAIR advantage and you will be automatically disqualified.
